

For the minds of the future.

The Baby Alex Foundation (www.babyalexfoundation.com) is a 501(c)(3) non-profit organization dedicated to supporting the neurological health of children. In pursuit of this goal, the Foundation raises funds for grants to individuals and organizations engaged in pediatric brain injury research, to include:

- Brain injury prevention
- Brain injury rehabilitation
- Interventions for cognitive, motor and other neurological impairments
- Patient family and medical staff education
